

Spring School
**Complex Networks: Theory, Methods
and Applications (4th edition)**
Lake Como School of Advanced Studies

Como, Italy, Villa del Grumello, 14-18 May 2018

ntmd.lakecomoschool.org

Lecturers

Albert-László Barabási, *Northeastern University, and Harvard University* | **Stefano Battiston**, *University of Zurich* | **Ulrik Brandes**, *ETH Zurich* | **Vittoria Colizza**, *Inserm & Université Pierre et Marie Curie, Paris, and ISI Foundation, Turin* | **Puck Rombach**, *University of Vermont* | **Alessandro Vespignani**, *Northeastern University*

Organizing
Committee

Stefano Battiston, *University of Zurich* | **Ginestra Bianconi**, *Queen Mary University of London* | **Vittoria Colizza**, *Inserm & Université Pierre et Marie Curie, Paris, and ISI Foundation, Turin* | **James Gleeson**, *University of Limerick* | **Petter Holme**, *Tokio Institute of Technology* | **Yamir Moreno**, *University of Zaragoza* | **Carlo Piccardi**, *Politecnico di Milano* | **Mason A. Porter**, *UCLA*

Program of
the School

Network Science: From Structure to Control | **Mesoscale Analysis of Networks** | **Taming Complexity: Controlling Networks** | **Centrality in Networks** | **Contagion in Networks: Financial Systems, Epidemic Spreading**
